- Booking:** Up to **one day** before the excursion; sign up at np.bildung@salzburg.gv.at or <https://hohetauern.at/en/experience/tours.html#/experiences>

Description: Before the walk begins, a taxi service will take the group to the Lenzanger car park. From there, the participants and the National Park Ranger set off without hesitation into the heart of the primeval forest. Past giant trees and snow-covered ponds, we will explore the world of the forest in winter. After about 1.5 kilometres, the snowshoe hike will reach the edge of the forest, where sledges will be used for the first time. Alternating between sledges and snowshoes, the route will continue to the Kolm Saigurn Friends of Nature House. From there, the return route will take you across the alpine pastures showing off their winter colours.
